**** Note: All times are approximate**

⇒ Participants who are entered in a class are encouraged to observe the other classes at no extra charge.

Mulemanship 1 Class

This class is for saddle mules that can be ridden. The class is designed for those who want to further their own riding skills and enhance their mule's ability. Participants will learn ways to produce a soft and responsive animal that is balanced and sensitive to their requests. This class pertains to all riding disciplines and interest. A must for anyone needing to improve the skills and understanding necessary to create an exceptional saddle mule.

⇒ **EQUIPMENT NEEDED FOR THE MULEMANSHIP 1 CLASS**

- Saddle and saddle pad
- Bridle (smooth mouth snaffle preferred)
- If in doubt about equipment, bring it. Appropriate riding gear and footwear are required.

Colt Starting Class

This class is for young mules that are ready to be started under saddle or older mules that may need restarting. Usually 2-3 year old colts are in this class. All participants will be saddling and riding their own colts under supervision. The entire first day of the clinic will be devoted to colts and the next three afternoons. Participants could expect to get 2-3 rides if things progress well and learn solid training fundamentals with which to progress from after they get home. These colts should end up being fine saddle mules.

⇒ **EQUIPMENT NEEDED FOR THE COLT STARTING CLASS**

- Rope Halter with 12 foot leadrope (available for purchase at the clinic)
- Your saddle and saddle pad. If in doubt about equipment, bring it.
- Bridle (smooth mouth snaffle preferred)
- Appropriate riding gear and footwear are required.
